

UC TCA Appeals in ASSIST

Quick Tips

Best Practice:

- 1. Learn “Why” Denied - check “Final Review Comment” for details**
- 2. Edit Outline Accordingly**
- 3. Return to Workflow, - do appeal ← Note: this is the last step!**

Alternate Scenario:

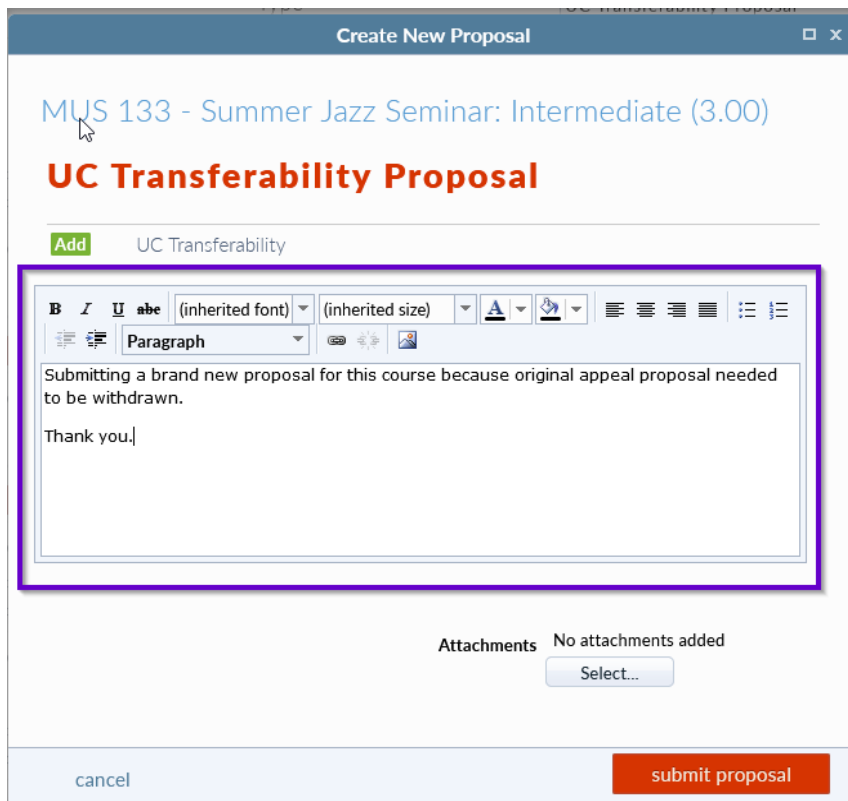

*“I already clicked appeal but I still need to update the outline.
What do I do now?”*

- 1. Withdraw appeal proposal**
The appeal proposal blocks users from making updates to the course outline in ASSIST. You must withdraw the appeal proposal so the outline can be unlocked for editing.
- 2. Edit Outline Accordingly**
- 3. Return to Workflow, - create brand new UC TCA proposal**
Because the appeal proposal was withdrawn in step 1, you must now create a brand new UC TCA proposal for your course.

4. Leave a comment for UCOP

UCOP stated it's helpful to leave a comment in the comment box indicating the appeal proposal needed to be withdrawn so that the outline could be unlocked and edited.

5. E-mail UCOP as well

UCOP also let us know that it's helpful to send them a separate e-mail indicating the appeal proposal was withdrawn and replaced with a new proposal.
